How Uncle Sam Spends Your Income Tax Dollar.

The American Magazine sent Ray Stannard Baker to Washington to trace Lizzie Kinsley and Alice Rich, 13-year- your income tax dollar and report which we still continue to raise most cessful and seemed to feel glad of our revenues, few people felt any concern as to what the government spent, tax several hundred thousand Americans will feel this year, for the first time, just what it means to help buy warships and pay for unnecessary postoffices. Follow-ing is part of Mr. Baker's report:

"The very first thing that struck me Monday, Mrs. Squires was trying to and struck me hard, was the fact that, although we have had no great war in 50 years (and only a little one 16 years ago), over 60 cents of every dollar that nasigned, in the paper published at the city of paper published at the city of paper published at the city of paper at the probate office in Montpeller, in said district, on the day assigned, then and there to contest the allowance of said account if you see cause, and to establish your right as helrs, legatees and lawful claimants to residue. Uncle Sam collects from you and me (directly or indirectly) goes for 'military purposes,' including continuing expenses

of past wars—pensions.
"I think that few people realize what this means in a nation which considers itself peculiarly devoted to peace.

"Sixty-three per cent to the army navy and pensions, and only 37 per cent to pay all the other vast and useful purposes of the government, excluding postal service and the preposterous sinking fund-required by law, but never provided in fact. This 37 per cent only is available for building the Panama canal, improving our rivers and harbors, supporting the Indians, encouraging agriculture, public health and education, to say nothing of taking care of the entire offset machinery of civil government-Conress, executive, courts and the diplo-
